Family Eldercare was founded in 1982 by a group of professionals concerned with supporting the family's role as caregiver for frail elders through training and information. The agency soon expanded to include services to prevent abuse, neglect, and financial exploitation of elders and adults with disabilities. Almost all services that Family Eldercare offers are unduplicated, including: In Home Care, Money Management, Guardianship, In-Home Counseling, Service Coordination, Wellness Initiative, low-income housing for seniors and Lifetime Connections Without Walls.

Top: GORDON MEELER, 75 YEAR OLD VIETNAM VETERAN, SOUGHT SERVICES FROM FAMILY ELDERCARE. THIS FORMER REAL-ESTATE AGENT STRUGGLED WITH HIS HEALTH AND MANAGING HIS INDEPENDENCE IN HIS DILAPIDATED TRAILER. WITH A PARTNERSHIP THROUGH THE AUSTIN-AMERICAN STATESMAN AND SEASON FOR CARING, GORDON CAN NOW SAFELY LIVE INDEPENDENTLY.

Front: AFTER LOSING HIS LONG-TIME WIFE, MR. COLLINS FELT LOST AND FELL BEHIND ON PAYING BILLS. WHEN HE WAS ONLY ONE MONTH AWAY FROM FORECLOSING ON HIS HABITAT FOR HUMANITY HOME, MONEY MANAGEMENT STEPPED IN AND ASSISTED MR. COLLINS IN PAYING BILLS AND REMAINING SAFELY HOUSED.

## Thirty-Four Years Of Service

As I enter into my third year as CEO of Family Eldercare, I am still surprised by the number of people I talk with in the community that don't know who we are, the clients we serve, and the mission we support. In 2016, our senior leadership, along with our Board of Directors, worked with a specialist to develop our new innovative three-year strategic plan.

Family Eldercare has a very proud history and we continue our commitment to the safety and advocacy of our clients, innovative services, community involvement, and fiscal responsibility. As you continue watching our mission grow over the next three years, I hope you remain proud of the impact our mission continues making in the community.

Our new strategic strategy is focused on providing a continuum of quality care services to Seniors and Adults with disabilities in the low-income category (200% or below) in Central Texas, centered on relationships and care. Our goal is to continue services to more people in a cost effective way while assuring sustainable funding sources; provide a continuum of quality individualized services to seniors, adults with disabilities and their caregivers from in home care to guardianship of the person and/or their estate; and, to be leaders in the eldercare community by providing knowledge and expertise to the practice.

Thank you for partnering with us now and in the future as we support our seniors, adults with disabilities, and help this population THRIVE in their communities.

Regards,

Kent Herring  
Chief Executive Officer

P.S. In 2017 we'll celebrate our 35th Anniversary! Keep up with what is going on by visiting our website at [FamilyEldercare.org](http://FamilyEldercare.org) or follow us on social media through Facebook, Twitter, LinkedIn, and Google+.
